Health and Safety Policy

Part 1: General Statement of Policy

This document is the Health and Safety Policy of Shutlanger Village Hall.

Our policy is to:

- a) Provide healthy and safe working conditions, equipment and systems of work for our employee(s), volunteers, committee members and hirers.
- b) Keep the village hall and equipment in a safe condition for all users
- c) Provide such training and information as is necessary to staff, volunteers and users.

It is the intention of Shutlanger Village Hall Management Committee (SVHMC) to comply with all health and safety legislation and to act positively where it can reasonably do so to prevent injury, ill health or any danger arising from its activities and operations.

SVHMC considers the promotion of the health and safety of its employees at work and those who use its premises, including contractors who may work there, to be of great importance. The management committee recognises that the effective prevention of accidents depends as much on a committed attitude of mind to safety as on the operation and maintenance of equipment and safe systems of work. To this end, it will seek to encourage employees, committee members and users to engage in the establishment and observance of safe working practices.

Employees, hirers and visitors will be expected to recognise that there is a duty on them to comply with the practices set out by the committee, with all safety requirements set out in the hiring agreement and with safety notices on the premises and to accept responsibility to do everything they can to prevent injury to themselves or others.

Safety Rules

All hirers will be expected to read the whole of the hiring agreement and should sign the hiring form as evidence that they agree to the hiring conditions. All new hirers will also be given information/training by the booking secretary about safety procedures at the hall which they will be expected to follow (e.g. fire evacuation procedures, use of trolleys to move equipment, use of equipment) and will be shown the location of the accident book and health and safety file.

Explain whether you have carried out risk assessments, including those for hazardous substances and fire. List any hazards identified through the risk assessment and any procedures to be adopted to minimise risk. These could be printed as a separate sheet on coloured paper which is handed to hirers with the hiring agreement, to draw attention to them.

It is the intention of Shutlanger Village Hall Management Committee to comply with all health and safety legislation and to act positively where it can reasonably do so to prevent injury, ill health or any danger arising from its activities and operations.

Employees, hirers and visitors will be expected to recognise that there is a duty on them to comply with the practices set out by the committee, with all safety requirements set out in the hiring agreement and with safety notices on the premises and to accept responsibility to do everything they can to prevent injury to themselves or others.

The committee has carried out risk assessments. The following practices must be followed to minimise risks:

- **Make sure that all emergency exit doors are clear and unlocked as soon as the hall is to be used and throughout the hiring.**
- **Do not** operate or touch any electrical equipment where there are signs of damage, exposure of components or water penetration etc.
- **Do not** work on steps or ladders at height until they are properly secured and another person is present.

- **Do not** leave portable electrical or gas appliances operating while unattended.
- **Do not** bring onto the property any portable electrical appliances which have not been Portable Appliance Tested.
- **Do not** attempt to move heavy or bulky items (e.g., stacked tables or chairs) - use the trolleys provided.
- **Do not** stack chairs more than five high.
- **Do not** attempt to carry or tip a water boiler when it contains hot water. Leave to cool.
- **Do not** allow children in the kitchen except under close supervision (e.g., for supervised cookery lessons or, in the case of older children, for supervised serving of food at functions). Avoid over-crowding in the kitchen and do not allow running.
- **Wear** suitable protective clothing when handling cleaning or other toxic Materials.
- **Report** any evidence of damage or faults to equipment or the building's facilities to:

The Delegated Person
- **Report** every accident in the accident book to:

The Delegated Person

Be aware of and seek to avoid the following risks:

- creating slipping hazards on stairs, polished or wet floors – mop spills immediately.
- creating tripping hazards such as buggies, umbrellas, mops and other items left in halls and corridors.
- use adequate lighting to avoid tripping in poorly lit areas.
- risk to individuals while in sole occupancy of the building.
- risks involved in handling kitchen equipment e.g., cooker, water heater and knives.
- creating toppling hazards by piling equipment e.g., in store cupboards.

Contractors

The management committee will check with contractors (including self-employed persons) before they start work that:

- the contract is clear and understood by both the contractors and the committee.
- the contractors are competent to carry out the work e.g., have appropriate qualifications, references, experience.
- contractors have adequate public liability insurance cover.
- contractors have seen the health and safety file and are aware of any hazards which might arise (e.g., electricity cables or gas pipes)
- contractors do not work alone on ladders at height (if necessary, a volunteer should be present) .
- contractors have their own health and safety policy for their staff.
- the contractor knows which member of the committee is responsible for overseeing that their work is as asked and to a satisfactory standard.
- any alterations or additions to the electrical installations or equipment must conform to the current regulations of the Institute of Electrical Engineers.

Insurance

The company providing the hall's Employer's Liability and Public Liability insurance cover is:
